

A Man Doesn't

need a great deal of jewelry, but what he does wear ought to be good. It is the most extravagant sort of economy to pay too little for such things. If a man buys good buttons and studs the question is settled for sometime to come.

Good things not only last longer, but they look better. Most all jewelry is worn largely for ornament. To be sure it has its uses, and very necessary ones, but the ornamental feature is a strong one.

I will not handle anything that isn't good. I have several grades, of course,—some better than others, but all are to be depended upon.

The rising orator of the backwoods of Kentucky was lately addressing an assembly of fellow patriots. In the course of his speech his patriotism was bubbling over, his eloquence was a surprise even to himself, for this was what he stated: "The British lion, whether it is roaming the deserts of Africa or climbing the forests of America, will not draw in its horns nor retire into its shell."

There is a movement on foot, and with some show of success, for the consolidation of the Maysville and Germantown Fair Companies "for one season only" for the purpose of having a great big old-fashioned Fair at Maysville this fall. THE BREAK OF DAY!
HUNTER'S FORCES MAY TAKE A GOOD "HOLT!"

Special to Public Ledger.
FRANKFORT, JANUARY 30th.

In balloting today for United States Senator there was a break in the forces of Dr. Hunter.

Dr. Chambers, Representative from Kenton county, cast his vote for ex-Chief Justice William H. Holt.

This is taken as the first serious break of Hunter's forces.

The vote stood—
Hunter.....64
Blackburn.....57
Evans.....1
Buckner.....2
Carrillo.....5
Brown.....1
Grace.....1
Hazzler.....1
Holt.....1

Necessary to a choice, 67.

It is now pretty well conceded that Dr. Hunter cannot win, and as Senator Siegel has pledged himself not to vote for the Doctor until after February 6th, there is just now a fine opportunity to elect Judge Holt.

Some believe that the move of Dr. Chambers means a general "break" in that direction.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "odds" two any more than a merchant can give his customer two gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements secured to be paid for, no matter in what part of the paper they appear.

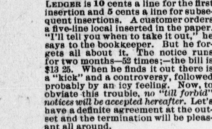

The Continued Calls
upon The Leader for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Musters,
excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, reductions of request, &c. The Leader will charge five cents a line, and hereafter this will be for insertion only. This, however.

Does Not Include
notice of Lodge meetings or church services, which must not exceed ten lines.

Advertisement Disputes.
Misunderstandings are unpleasant. The rate for Business Leaders in this Leader is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local notice in the paper. "I'll tell you when to take it out," says the advertiser. The notice runs for two months—30 times—the bill is \$15.00. When he finds it out there is a "kick" and a controversy, followed probably by an idle tattle, or, if he wants to obviate this trouble, he "will forward" notice will be charged hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.
